

HODL LOTTERY

Lottery Based NFT's

Life Changing Potential	By the people ; for the people
A system in which patience is rewarded	Sellable

Mission Statement:

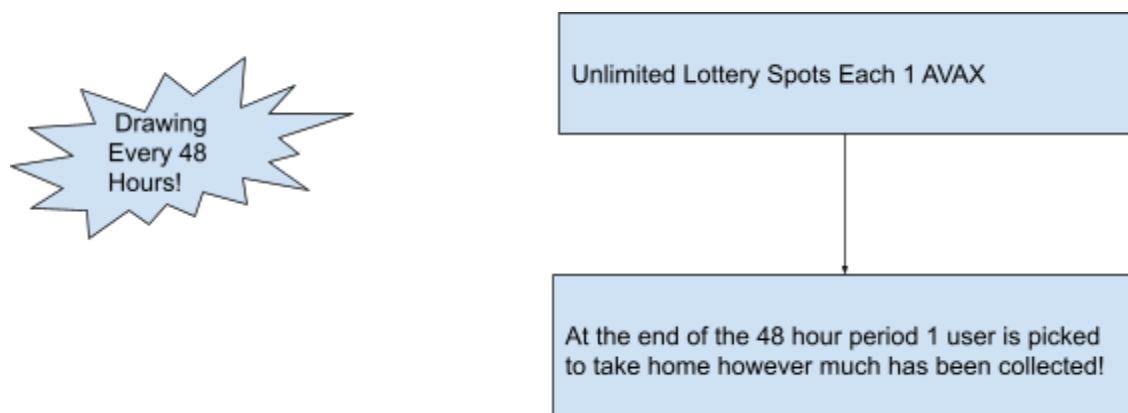

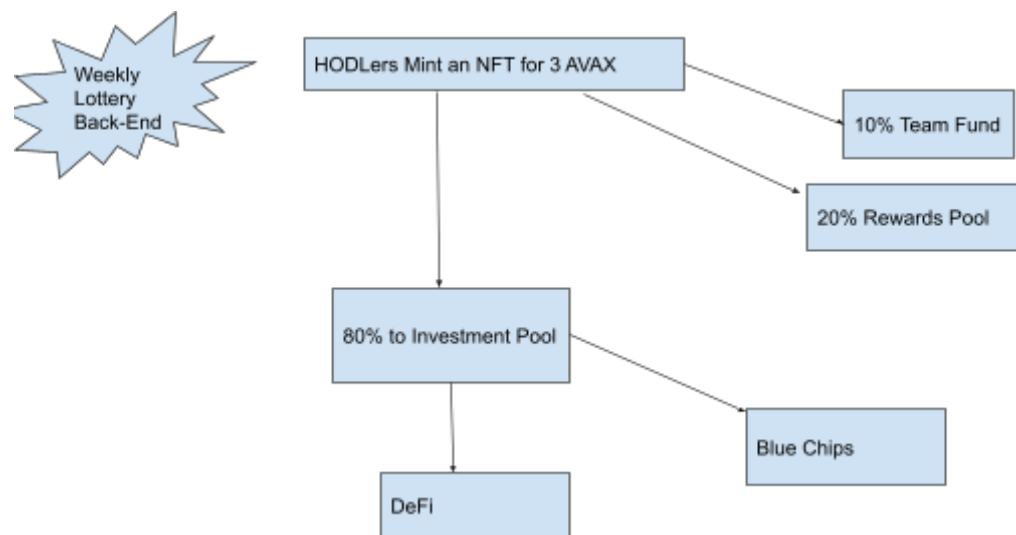

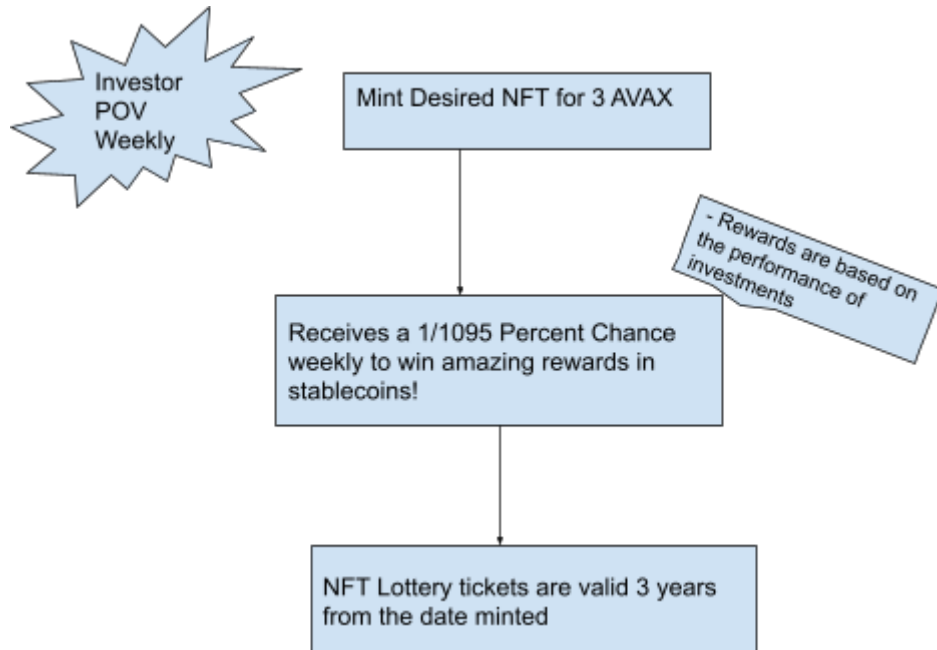

Early adoption is interesting; it provides you the opportunity to change your life, or get left behind. However, is anything ever that simple? We have been promised the world. Time and time again. To only have projects overpromise and underdeliver. We here at HODL Lottery, promise you nothing but a fun time and a chance for a large reward! With a limited supply and daily lotteries may the odds ever be in your favor.

Created By The People for the People:

Our community holds all the **power**, *at least in this relationship*. Truly - we are a project created by the people for the people. All our investments will be chosen by our fantastic community. As well as our future growth. Every decision we make will come via public voting held trackable using the blockchain. Crypto as its core was created for this purpose and we plan to uphold this value.

Member Journey

IMAGINE: Bam! Your alarm clock is going off - like it does every day. You're joyfully and ready to conquer the day. You remember, "It's Lottery Time". You run over to your computer quickly logging onto *Hodlottery.finance*. The dashboard is loading - the nerves are settling. You think to yourself, is this the day it changes? You close your eyes peeking to see the results. Hoping this is the day. You've done the math.. You know there are only 10,000 HODLers that your day will come. But will this be it? "WINNER WINNER WINNER" it reads. Today's that day.

FAQ:

1) What is HODL Lottery?

- HODL Lottery is a lottery NFT project.

2) How to buy HODL Lottery?

- You may buy our NFT's on our "Mint NFT" Page.

3) May I sell at any time?

- All Weekly NFT's are sellable on the AVAX Marketplace at all times.

4) Why are the rewards in stable coins?

- We believe a user should do as they wish with the funds they receive - giving rewards in stablecoins allows for consistency.

5) Can I invest anywhere in the world?

- Yes! This is the power of crypto. Our project is accessible anywhere with an internet connection!

6) Why do you not have a token?

- We believe we can function smoother and better for our users without one as it would lack true utility.

7) What's unique about this project?

- As mentioned we are by the people - for the people we truly mean this. We want to give our community the power to set the standard of a professional experience. With rewards carried out in stables and a large win percentage! It's all about patience.

8) What will be an indicator the project is failing?

- With the mechanicals we have set in place we do not believe this is a true risk. However through the blockchain and our dashboard the investment and rewards pool will be visible allowing our users the open opportunity for tracking.
